

2020-21 Wrenshall Basketball Spectator Policy

VARSITY BASKETBALL GAMES

According to the Minnesota Department of Health, fans and spectators will be admitted and allowed at Basketball contests for 2021. Only family members of basketball student athletes and designated game workers will be admitted in the facility. The maximum fan capacity allowed for indoor contests set by the Minnesota state high school league is 150. Each school will allocate two tickets to their participants' family members. No community members or students will be admitted unless designated by the family.

Season passes will be available to the player's family for home games and will be advance sale so no money will exchange hands at the school. At Wrenshall home games, fans will give their name to the pass checker, and their name will be checked on the admittance list. If their name is on the list, they will be allowed to enter the gym. Any fan not wearing a mask or whose name is not on the admittance list will not be allowed to enter.

All games for both home and away will be live streamed free of charge. The live stream link for games will be provided on the school website. Any game workers and officials must be pre-screened before entering the gym. Any worker not wearing a mask or whose name is not on the admittance list as a designated worker will not be allowed to enter.

- Spectators will enter through the main entrance of the school.
- Spectators must be separated from the competition by a minimum of 12 feet.

- If spectators and participants can be clearly separated by at least 12 feet, then participants do not need to be included in the total capacity count.
- Mask use is required by all spectators at all indoor events.
- No more than 100 spectators will be allowed in the gym for an event.
- Essential game/event personnel include: Team members, game officials, and site staff (including ticket-takers/sellers, administrative supervision from both schools, certified medical personnel, announcer, official scorers, and score board operators, etc.) do NOT count toward the maximum number of occupants if they remain separate from the spectator community.
