Behavior Policy

It is our philosophy that children should be nurtured in a positive, encouraging and caring environment. We strive to provide opportunities for growth and fun for all students and foster a family type atmosphere of caring and sharing.

Behavior and guidance is an on-going process and a necessary component for a healthy, successful life. Our goal is to help children learn self-control, how to be responsible for their own behavior and be good citizens.

Consequences

At the Wrens Club, discipline consists of positive reinforcement, redirection, and time for reflection. The use of corporal or physical punishment is NEVER permitted.

We will notify parents if we have a continual behavior problem and work together on a solution.

In extreme cases, we reserve the right to encourage or require the parent to make other child care arrangements.

Behaviors that are never tolerated are:

Endangering self or others, destruction of property, threatening another child or adult.
